- A. Those present: Martin Carr, Jeff Blackburn, Ian Findlay, Ian Danby, Ania Wasielewska
- B. Standing Orders: Are there the above present, inc chair, Declaration of interests, Struck off directors, Safeguarding
1. Next meeting will be first few week of June. MC to circulate date options towards the end of May.
  2. The Futures web site is now live at <https://www.futuresproject.co.uk/sessions-about/> the slopes where the events are taking place also have direct links to each event. Three of the slopes will also have an airbag, so this maybe useful for moguls to also join in with.
  3. It is planned to have a few sessions at Manchester. AW to investigate dates and then this will be bookable via the SSE web site.
  4. We now have dates for the slope and cross comps at Castleford. At the moment we are chasing the judges for the event. After this we will sort out the other officials.
  5. SSE Web site – There has been a few changes to the moguls, P&P pages to make the content less time specific. A few more minor changes will be made soon.
  6. Selections – A note will be sent out to Moguls athletes asking them to apply for re-selection. Further work is ongoing for the P&P as well as SX, further updates at the next meeting.
  7. The Moguls FB group will be updated with the timetable of events now the Futures web site is live.
  8. The Moguls event the 2<sup>nd</sup> to last weekend in April, Scotland was well received and attended. We have been asked for dates for a similar event, maybe with a competition, in 2019.
  9. Uniforms – These have now been ordered and will arrive in November.
